Giant Snakes & Ladders

A giant version of the classic game, the players themselves are the counters, moving up the ladders and down the snakes. There are added rules for added fun. Comes complete with play mat, inflatable dice and fixing pegs (for playing on grass).

On Target Game

A great game of skill for all ages, throw the discs on to the target to score points. Set your own scoring system and play highest score wins or nearest the bullseye. Determine the difficulty of the game by stating the distance competitors stand from the target area. Set consists of three frisbee type discs and one plastic target mat (3m).

2in1 Penalty Shoot Out Target Game

A great game for all ages! You determine the difficulty by changing the distance from goal to penalty spot! 2m x 1.5m goal with net, target sheet and ground pegs.

Garden Darts

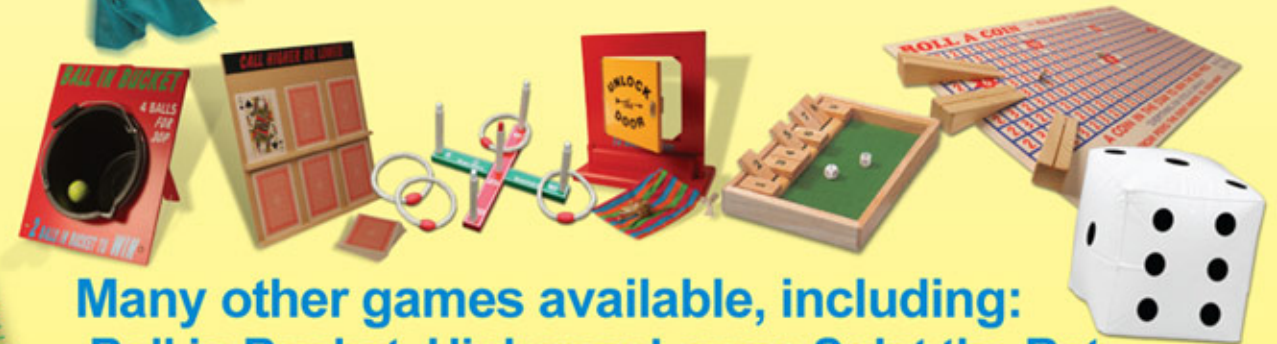

Played outside in the garden. High quality darts with metal tips, weighing them to fly and land in the lawn. The flights have a grip giving you more control for throwing. 6 darts in 3 colours, throwing ring, 4 target rings to play 3 different games (target darts, killer darts & bowl darts).
